15. Multidisciplinary / interdisciplinary	
<p>One of the primary objectives of NEP, 2020 is to make education multidisciplinary by demolishing the compartmentalization of disciplines into different streams. The college is an affiliated institution and thus follows the curriculum the University prescribes. Multidisciplinary exists in the current curriculum in the form of foundation papers which are compulsory in all courses and are related to Indian History and Culture, Environment Study, Physical Education, and General Awareness. The college has always tried to promote multidisciplinary/interdisciplinarity through conducting</p>	

students' seminars/workshops that are inter-departmental. NEP will be implemented from the next session in graduation courses. The college's NEP Implementation Committee is working to formulate an action plan for the allocation of Minor subjects and Major subjects to students from different faculties as per NEP guidelines. Many awareness programs regarding the implementation of NEP are being conducted among students so that they understand the goals and objectives of NEP. Faculty members are also instructed to prepare study material for their curricula in such a way that it would be beneficial for students of all streams.

16.Academic bank of credits (ABC):

Academic bank of credits is a key component of the NEP-2020 that academic institutions must implement. Academic bank of credits will be set up at the University level. The college will abide by all the guidelines related to it.

17.Skill development:

The aim of the NEP, 2020 is to make students self-reliant with a focus on developing entrepreneurship and skills amongst the students. The college conducts workshops and seminars related to entrepreneurship, innovation, and the development of skills every session. The college is also working on an action plan for conducting the skill development courses in the next session. The college is exploring the possibility of MoUs with institutions and organizations with which it can collaborate for organizing skill development courses. The college has also organized students' seminars for disseminating information about virtual platforms for skill development courses. The Innovation Council of the college is dedicated to helping students in understanding entrepreneurship, government support provided to the students for becoming self-reliant, and forging partnerships with other organizations to realize its goal.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Indian Knowledge System has been an integral part of the teaching-learning process in the college. Teaching is held in a bilingual mode in most of the courses - English and Hindi (since most of the students are from a Hindi medium background). An effort will be made to incorporate bilingual curriculum delivery in all courses. The college offers graduation courses in Hindi and Sanskrit. Under NEP Indian language courses will be open for students of all streams. Many extra-curricular and co-curricular activities are organized in the college to promote awareness

regarding Indian heritage and history. Hindi Diwas is celebrated in college every year and various programs are organized under it to promote the knowledge and interest of students in the Hindi language. The college is implementing many programs under the 'Ek Bharat Shreshtha Bharat' scheme of GoI. College Magazine is divided into three sections: Hindi, English, and Sanskrit. The college is going to form a committee for the promotion of Indian languages from the next session so that an action plan can be formulated.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The college already follows outcome-based teaching pedagogy. GPGC, Noida follows the academic calendar very rigorously so that time-bound outcome-based education could be followed. Every department prepares its own academic calendar with a well-defined time limit for the completion of every topic, revision, and test. The students are communicated programme outcomes at the beginning of the session in the Orientation as well as in the introductory classes of their subjects. Teachers also deliver the curriculum with course outcomes in mind. The progress of students is checked from time to time through tests, presentations and other methods suited to various disciplines.

20.Distance education/online education:

The institution promotes teaching-learning through virtual platforms. Faculty members have sufficient experience in e-content development and using technological tools for teaching-learning. During the COVID pandemic classes were organized through virtual classrooms and e-content developed for students. Post-COVID the college endeavors to follow a blended teaching-learning process to build a student-centric learning environment.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Teaching-learning is the primary function of the college and all efforts are made to provide quality classroom teaching supplemented with enrichment activities beyond the classroom. The institution prepares an academic calendar and accordingly chalks out the academic plan and its implementation. The academic calendar of the college is largely based on the academic calendar of the CCS University, Meerut to which it is affiliated. The Prospectus of the college contains the details of the courses offered at the Undergraduate and Post-graduate levels. It also contains information regarding the compulsory courses.

The college conducts an Orientation Program at the commencement of every session wherein the students are given basic information about their chosen subjects as well as the compulsory courses by the respective teachers.

At the commencement of a session, every department designs its own Academic Calendar that is goal-based, and time bound.

The progress of the students is gauged by the teachers by conducting tests, group discussions, quizzes, seminars, or assignments regularly.

In the session, 2020-2021 most of the classes were conducted online because of COVID 19 pandemic. For conducting systematic virtual classes Google classrooms were created by all faculty members.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The college is an affiliated institute and has to follow the academic calendar of the University for the conduct of Examinations. The college prepares its academic calendar which includes the details regarding admission, examination, vacations, holidays, and other landmark college events.

The college offers Undergraduate courses, as well as PG courses. The Postgraduate departments have a Semester system and they have a structured Internal Evaluation System based on the pattern devised by the University.

In the UG courses where the annual examination system is followed, Internal Evaluation becomes all the more important. In the departmental academic calendars, revision is planned after every unit which is generally carried out by the faculty members in the form of internal evaluation.

Teaching in session 2020-21 was carried out through a virtual medium, and an effort was made that the internal assessment of the students was not hampered.

1.3 - Curriculum Enrichment**1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum**

Government P.G. College, Noida is an affiliate institute of C.C.S. University, Meerut. The curriculum followed in the college is as prescribed by the University. In the undergraduate courses - B.A., B.Sc, and B.Com.- in each year foundation courses and qualifying courses are prescribed which relate to Human Values, Environment and Sustainability, and Ethics. These courses are compulsory courses and are qualifying in nature. Therefore, all students have to study these subjects along with their chosen subjects. Classes for these qualifying courses are held regularly along with the other subjects.

The curriculum as prescribed by the University is revised from time to time to keep it dynamic and relevant for the students. In recent years the curriculum in many disciplines has seen

great changes. The objective behind these changes was to promote and intensify knowledge that is relevant in the changing society and to integrate value education within main subjects. The details of all the papers included in various courses crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment, and Sustainability in the Curriculum are provided in the document attached below.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

In the college, the Continuous Evaluation System is followed meticulously to assess the progress of students throughout the session. Through these methods, slow and advanced learners are identified.

To help slow learners various measures are taken

- Remedial classes are organized. In Remedial classes, teachers are able to give individual attention to slow learners.
- Extra classes are taken by teachers if required. Through extra classes, attention is paid to topics considered difficult by the students.
- Assistance from classmates and seniors is arranged.
- Assignments are given to the slow learners and the shortcomings or areas of concern are communicated to them so that they can improve upon their shortcomings.
- Providing lectures uploaded on the web and extra reading material to improve basic understanding of the subject.
- Mentoring is provided to the students to instill

confidence in them.

- Faculty makes it a point to be patient and accessible to students personally, over the phone, through the mail, and through social apps.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

GPGC, Noida is dedicated to creating a learning environment for students that is not limited to conventional teaching methods. Students are no more treated as passive recipients of knowledge but as active agents in creating and expanding knowledge. Therefore, various methods are used in different disciplines to stimulate young minds, including experiential, participative, and problem-solving methodologies. The aim of teaching is not simply curriculum delivery but also an overall personality development of students-physical, mental, and spiritual. Some student-centric methods followed by teachers are:

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

In the session 2020-2021 the classes were held mostly in online mode. For online classes GSuite was subscribed by the college and class wise gmail accounts were created linked to the institutional Gmail account. Therefore all faculty members used Google Meet for conducting their classes. Audio visual media was employed to keep the classes engaging. Assessment of the learning process of students at regular intervals was done through the use of Google Forms. Other virtual platforms were also used for the organization of programs such as Zoom. The Faculty members also created e-content for the students with a view to support the slow learners and to provide study material for the advanced learners. E-content in the form of audio, video and text mode was also created and uploaded by all faculty members on UP higher education digital library.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Government Postgraduate college Noida is an affiliated institution. It has Undergraduate courses, as well as PG courses in Commerce and Economics, and Zoology. The Postgraduate departments have a Semester system and they have a structured internal evaluation system based on the pattern devised and implemented by the University. The date of the internal exams is communicated to the students well in advance and evaluation is also done in a time-bound manner. The students are shown their answer scripts and grievance, if any, is resolved by the teacher. The internal evaluation marks play a significant role in the overall semester result of PG departments. Besides this evaluation system, these Postgraduate departments organize MCQ-based tests, student seminars, PPT, and poster/model presentations, for continuous monitoring of students' performance.

At the Undergraduate level, the college has an annual system of examinations. Unlike the Postgraduate departments, there is no structured internal evaluation system implemented by the University. However, UG departments maintain a continuous internal evaluation (CIE) system to monitor the progress of students and the identification of slow and advanced learners through written tests, quizzes, open-book tests, Model/Poster preparation, PowerPoint presentations, assignments, etc.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

In the Graduation courses, there is an informal system of internal evaluation which is done with the sole purpose of checking the progress of students regarding their curriculum and guiding them in improving their understanding of the subject and their articulation of whatever they are studying. The marks obtained in the internal assessment do not contribute into their overall result.

In the PG courses, a formal procedure of evaluation system is followed.

- The timetable of exams is communicated to students well in advance.
- The answer scripts are evaluated in a time-bound manner.
- The marks of all students are displayed on the notice board.
- The answer sheets of the exams are shown to the students so that they learn about their weaknesses as well strong areas in their respective papers.
- If there is some grievance regarding the assessment of students it is resolved by the respective teacher.
- If a student is given very less marks in a question the reason is mentioned by the teacher in the answer script.
- A record of the marks of students on all internal exams is maintained by the department.
- These marks are sent to the university to be added in their semester mark sheets.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The college follows an outcome based approach toward education and learning. For this purpose, teachers and students need to be well informed of the Programme and course outcomes of their respective subjects.

- The syllabus in hard copy with Programme and course outcomes is always available in the departments for the perusal of teachers as well as students.
- The syllabus with Programme and course outcomes of all subjects is also available on the website of the college so that students can easily access them.
- The importance of Programme and course outcomes is communicated to the teachers from time to time in the IQAC Meetings.
- The students are informed about the programme outcome in the Orientation program held at the beginning of the academic session.
- The teachers also discuss with students in detail regarding the course outcomes of their subjects in the initial classes.
- The assessment of the progress of students by the teachers is done keeping in mind the course outcomes.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Attainment of Programme and Course outcomes are evaluated through various means throughout the session by the college. In the graduation courses, there is no formal process of assessment and different methods are employed by teachers in consonance with the learning outcome of their respective subjects. In Postgraduate courses, there is a formal system of assessment in the form of internal tests and viva/practical exams. Some of the assessment methods followed by faculty members are :

- Written Tests
- Oral Tests
- Presentations
- Seminars
- Group Discussions
- Project Work

- Laboratory performance

the program outcomes and course outcomes are also evaluated through informal means such as students' participation in curricular and extracurricular activities. The Departmental Councils which are managed and run by students and different clubs of the college also help in monitoring the PO and CO. The mentoring system also helps in analyzing the learning process of students and gathering feedback regarding the teaching-learning process.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The college has undertaken many steps to create an ecosystem for innovations and initiatives for the creation and transfer of knowledge.

- The first step toward creating an innovative ecosystem in the college is the realization that students are not simply passive recipients of learning but are active agents who participate in the creation and transfer of knowledge. The teachers have thus developed pedagogical techniques which do not compel the students to memorize but inspire them to understand, question and experiment with the study material.
- The education provided in the college focuses on the multi-faceted development of students with an emphasis on personality and skill development.
- The college has created an Innovation and Entrepreneurship Development Cell.
- A two days National Seminar on Entrepreneurship was organized by the college in the session 2020-2021.
- The college has a Research Development Cell.
- The Career Guidance Cell guides students regarding various career options available to the students and also organizes collaborative activities with other institutions and organizations in the area of training and research.
- The Extension Lectures Cell ensures that the students get exposure to whatever new is happening in their respective fields.

Union Election in any state run Institution should have formal permission from the Government, hence the College could not conduct the election as there was no formal permission from the Government. Nevertheless college has its own Departmental Council, where each department nominates student representatives from each class. There is a post of President, Vice President and one or two members. The students of each class nominate the Council Members and the proceedings are conducted in the presence of concerned faculty. The nominations are carried out in a peaceful manner. These representatives whole year round contribute in college activities and also put forth student demands and problems. Besides, these councils, the students are appointed as members in each running committees of the college. They are appointed as student representatives. These appointments are generally made according to the interests and involvement of the students in each committees. The appointed students are expected to show their skills and interests in administrative, cultural, sports and various other activities. These engagements facilitate students to inculcate in themselves leadership quality and prompt decision maker with the sense of responsibility. The college provides them the platform to explore their capabilities and potentials, simultaneously manifest in their actions. capabilities.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The vision and mission of the college is to provide best institutional facilities to the students who are coming from relatively lower economic background. The Institution tries to provide quality education with modern facilities to the students, so that they are ready to compete in this competitive world. The college with minimum fee structure provides modernized classrooms, ICT based learning and has also ensured to create G suite accounts so that uninterrupted teaching learning can go on during the troubled times of pandemic. The college has the provision of scholarships which are sponsored by U.P. Social Welfare Department, the college administration ensures that all eligible students get the benefit. The college also facilitates sports and yoga activities. The students are encouraged to participate in University level competitions etc. (Though this year due to covid there were no events organized by the University or elsewhere.). However college conducted many online activities for students. The institution true to its welfare motive and intentions has NCC Girls Unit, NSS Units for both boys and girls, Rovers Rangers, cultural group known as 'Pravaha' etc where students can showcase their talent. The administration and governance of the Institution is also reflective in form of various committees like Proctorial Board, Anti Ragging, Student Grievance Redressal Cell, Examination, Scholarship, Career Counselling are some of the committees which ensure effective governance on the campus.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Government Post Graduate College has been experiencing the severity of Covid Pandemic as the whole world is visibly facing. At this hour of crisis, continuation with offline activities on the campus is hampered off and on. However the college took an initiative to disseminate learning with various

online mediums. Students were engaged in various academic as well as extra curricular activities. There were regular proceedings of online classes conducted by each and every faculty member of the college on G Suite account and Zoom account. There was organization of various cultural activities like speech, quiz, poster, career counselling session, online workshop, Mission Shakti programmes etc. As the college is a center of learning and reaching out to the students who come from various socio-economic strata, hence the college administration ensured that the mission and vision of Government Post Graduate College is well implemented and achieved, i.e. 'Thrust on academic learning and priority to provide best services to the students irrespective of meagre resources.' The college team ensured to deliver its best to the students and on the other side students also enthusiastically joined hands with the college on the digital platform. There has been tremendous participation of students in the activities which were conducted online, nevertheless many students did not have enough resources to meet the new exigency which emerged due to covid pandemic.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Teaching-learning is the primary function of the college and all efforts are made to provide quality classroom teaching supplemented with enrichment activities beyond the classroom. The institution prepares an academic calendar and accordingly chalks out the academic plan and its implementation. The academic calendar of the college is largely based on the academic calendar of the CCS University, Meerut to which it is affiliated. The Prospectus of the college contains the details of the courses offered at the Undergraduate and Post-graduate levels. It also contains information regarding the compulsory courses.

The college conducts an Orientation Program at the commencement of every session wherein the students are given basic information about their chosen subjects as well as the compulsory courses by the respective teachers.

At the commencement of a session, every department designs its own Academic Calendar that is goal-based, and time bound.

The progress of the students is gauged by the teachers by conducting tests, group discussions, quizzes, seminars, or assignments regularly.

In the session, 2020-2021 most of the classes were conducted online because of COVID 19 pandemic. For conducting systematic virtual classes Google classrooms were created by all faculty members.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The college is an affiliated institute and has to follow the academic calendar of the University for the conduct of Examinations. The college prepares its academic calendar which includes the details regarding admission, examination, vacations, holidays, and other landmark college events.

The college offers Undergraduate courses, as well as PG courses. The Postgraduate departments have a Semester system and they have a structured Internal Evaluation System based on the pattern devised by the University.

In the UG courses where the annual examination system is followed, Internal Evaluation becomes all the more important. In the departmental academic calendars, revision is planned after every unit which is generally carried out by the faculty members in the form of internal evaluation.

Teaching in session 2020-21 was carried out through a virtual medium, and an effort was made that the internal assessment of the students was not hampered.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Government P.G. College, Noida is an affiliate institute of C.C.S. University, Meerut. The curriculum followed in the college is as prescribed by the University. In the undergraduate courses - B.A., B.Sc, and B.Com.- in each year foundation courses and qualifying courses are prescribed which relate to Human Values, Environment and Sustainability, and Ethics. These courses are compulsory courses and are qualifying in nature. Therefore, all students have to study these subjects along with their chosen subjects. Classes for these qualifying courses are held regularly along with the other subjects.

The curriculum as prescribed by the University is revised from time to time to keep it dynamic and relevant for the students. In recent years the curriculum in many disciplines has seen great changes. The objective behind these changes was to promote and intensify knowledge that is relevant in the changing society and to integrate value education within main subjects. 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

In the college, the Continuous Evaluation System is followed meticulously to assess the progress of students throughout the session. Through these methods, slow and advanced learners are identified.

To help slow learners various measures are taken

- Remedial classes are organized. In Remedial classes, teachers are able to give individual attention to slow learners.
- Extra classes are taken by teachers if required. Through extra classes, attention is paid to topics considered difficult by the students.
- Assistance from classmates and seniors is arranged.
- Assignments are given to the slow learners and the shortcomings or areas of concern are communicated to them so that they can improve upon their shortcomings.
- Providing lectures uploaded on the web and extra reading material to improve basic understanding of the subject.
- Mentoring is provided to the students to instill confidence in them.
- Faculty makes it a point to be patient and accessible to students personally, over the phone, through the mail, and through social apps.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Government Postgraduate college Noida is an affiliated institution. It has Undergraduate courses, as well as PG courses in Commerce and Economics, and Zoology. The Postgraduate departments have a Semester system and they have a structured internal evaluation system based on the pattern devised and implemented by the University. The date of the internal exams is communicated to the students well in advance and evaluation is also done in a time-bound manner. The students are shown their answer scripts and grievance, if any, is resolved by the teacher. The internal evaluation marks play a significant role in the overall semester result of PG departments. Besides this evaluation system, these Postgraduate departments organize MCQ-based tests, student seminars, PPT, and poster/model presentations, for continuous monitoring of students' performance.

At the Undergraduate level, the college has an annual system of examinations. Unlike the Postgraduate departments, there is no structured internal evaluation system implemented by the University. However, UG departments maintain a continuous internal evaluation (CIE) system to monitor the progress of students and the identification of slow and advanced learners through written tests, quizzes, open-book tests, Model/Poster preparation, PowerPoint presentations, assignments, etc.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

In the Graduation courses, there is an informal system of internal evaluation which is done with the sole purpose of checking the progress of students regarding their curriculum and guiding them in improving their understanding of the subject and their articulation of whatever they are studying. The marks obtained in the internal assessment do not contribute into their overall result.

In the PG courses, a formal procedure of evaluation system is followed.

- The timetable of exams is communicated to students well in advance.
- The answer scripts are evaluated in a time-bound manner.
- The marks of all students are displayed on the notice board.
- The answer sheets of the exams are shown to the students so that they learn about their weaknesses as well strong areas in their respective papers.
- If there is some grievance regarding the assessment of students it is resolved by the respective teacher.
- If a student is given very less marks in a question the reason is mentioned by the teacher in the answer script.
- A record of the marks of students on all internal exams is maintained by the department.
- These marks are sent to the university to be added in their semester mark sheets.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The college follows an outcome based approach toward education and learning. For this purpose, teachers and students need to be well informed of the Programme and course outcomes of their respective subjects.

- The syllabus in hard copy with Programme and course outcomes is always available in the departments for the perusal of teachers as well as students.
- The syllabus with Programme and course outcomes of all subjects is also available on the website of the college so that students can easily access them.
- The importance of Programme and course outcomes is communicated to the teachers from time to time in the IQAC Meetings.
- The students are informed about the programme outcome in the Orientation program held at the beginning of the

academic session.

- The teachers also discuss with students in detail regarding the course outcomes of their subjects in the initial classes.
- The assessment of the progress of students by the teachers is done keeping in mind the course outcomes.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Attainment of Programme and Course outcomes are evaluated through various means throughout the session by the college. In the graduation courses, there is no formal process of assessment and different methods are employed by teachers in consonance with the learning outcome of their respective subjects. In Postgraduate courses, there is a formal system of assessment in the form of internal tests and viva/practical exams. Some of the assessment methods followed by faculty members are :

- Written Tests
- Oral Tests
- Presentations
- Seminars
- Group Discussions
- Project Work
- Laboratory performance

the program outcomes and course outcomes are also evaluated through informal means such as students' participation in curricular and extracurricular activities. The Departmental Councils which are managed and run by students and different clubs of the college also help in monitoring the PO and CO. The mentoring system also helps in analyzing the learning process of students and gathering feedback regarding the teaching-learning process.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The college has undertaken many steps to create an ecosystem for innovations and initiatives for the creation and transfer of knowledge.

- The first step toward creating an innovative ecosystem in the college is the realization that students are not simply passive recipients of learning but are active agents who participate in the creation and transfer of knowledge. The teachers have thus developed pedagogical techniques which do not compel the students to memorize but inspire them to understand, question and experiment with the study material.
- The education provided in the college focuses on the multi-faceted development of students with an emphasis on personality and skill development.
- The college has created an Innovation and Entrepreneurship Development Cell.
- A two days National Seminar on Entrepreneurship was organized by the college in the session 2020-2021.
- The college has a Research Development Cell.
- The Career Guidance Cell guides students regarding various career options available to the students and also organizes collaborative activities with other institutions and organizations in the area of training and research.
- The Extension Lectures Cell ensures that the students get exposure to whatever new is happening in their respective fields.

Nevertheless college has its own Departmental Council, where each department nominates student representatives from each class. There is a post of President, Vice President and one or two members. The students of each class nominate the Council Members and the proceedings are conducted in the presence of concerned faculty. The nominations are carried out in a peaceful manner. These representatives whole year round contribute in college activities and also put forth student demands and problems. Besides, these councils, the students are appointed as members in each running committees of the college. They are appointed as student representatives. These appointments are generally made according to the interests and involvement of the students in each committees. The appointed students are expected to show their skills and interests in administrative, cultural, sports and various other activities. These engagements facilitate students to inculcate in themselves leadership quality and prompt decision maker with the sense of responsibility. The college provides them the platform to explore their capabilities and potentials, simultaneously manifest in their actions. capabilities.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The vision and mission of the college is to provide best institutional facilities to the students who are coming from relatively lower economic background. The Institution tries to provide quality education with modern facilities to the students, so that they are ready to compete in this competitive world. The college with minimum fee structure provides modernized classrooms, ICT based learning and has also ensured to create G suite accounts so that uninterrupted teaching learning can go on during the troubled times of pandemic. The college has the provision of scholarships which are sponsored by U.P. Social Welfare Department, the college administration ensures that all eligible students get the benefit. The college also facilitates sports and yoga activities. The students are encouraged to participate in University level competitions etc. (Though this year due to covid there were no events organized by the University or elsewhere.) However college conducted many online activities for students. The institution true to its welfare motive and intentions has NCC Girls Unit, NSS Units for both boys and girls, Rovers Rangers, cultural group known as 'Pravaha' etc where students can showcase their talent. The administration and governance of the Institution is also reflective in form of various committees like Proctorial Board, Anti Ragging, Student Grievance Redressal Cell, Examination, Scholarship, Career Conselling are some of the committees which ensure effective governance on the campus.
